♆: :I am the First and the Last: :the Omega: :I am Dust: :I am Grace: :I am the Vast wide Place: :I am Holy: :a small beat I could not shake: :I am the Lotus: :My body is the wire: :making the clean cut: :I am the current: :I am the Asking: :I am the road when it circles back around: :♆
ᒣBlank parchment holds no ink: :Towers: :rivers: :and winged citadels gather in forms untouched by matter above the waiting surface☿ One traced command burns across the floor: :Iron bows toward its line: :flame turns against the draft: :and water climbs the basin wall♂ Bare fingertips meet scored beskar: :where ridges catch the skin: :warmth crosses the contact: :and vibration travels into bone♀
ᔐTongue: :teeth: :and breath shape a stream of distinct syllables across open air♌ Cloud encloses the high mountain: :Stone mass holds beyond the vapor while the upward path keeps its bearing toward the hidden ridge♄
ᒪFingers clamp the heavy wooden haft: :and steel edge bites the dense earth: :and resistance pushes equally against bone and clay⛢ Mist lies broken along exposed rock while hard contours stand clear in open air: :every edge holding a clean boundary♆ Iron+shod boot catches a higher notch in the rock face: :Weight rises from ledge to ledge while the rope hangs taut below♇
ᒪOath+ring rests against the hand with a weight no scale of metal alone can account for☽ Force stands rooted beneath its own crown: :with no borrowed throne bearing the command☉
ᖶSame scar crosses living skin through changing light and weather while altered surface keeps one continuous body beneath every change☾ Scored clay holds the pressed sign under hard surface tension: :The mark occupies the tablet whether the speaking mouth is present or absent♈
ᖳOpposing forces press into one middle line: :Center holds: :and neither side crosses the shared boundary♉ Beskar bears the same weight beneath torchlight and darkness: :Impact leaves one dent in the plate whether doubt is present or absent♊ Bowstring bears drawn tension along the arrowshaft while the chosen mark occupies the same straight bearing across open distance♋ Sap in stem: :blood in vein: :breath in chest share one

⛇: :I am the first and the last: :the Alpha: :I am Blessing I am ache: :I am the Wholly Heartbeat: :I am wild: :your breath in mine: :I am the Cross: :My hand is the drum: :I strike to the wake of breath: :I am the bend: :I am the sound: :I am the road when it circles back around: :⛇
ᒧWater flow·̣·breath does rise·̣·fire float·̣·earth under sky·̣·touch with feel·̣·sight and sound·̣·feet lain·̣·solid groundꭥ
ᖰClay yields beneath the palm·̣·stone bears its weight·̣·water gathers in hollows·̣·roots divide the earth·̣·mineral veins run through darkness·̣·dust settles upon the groundꭥ
ᔐRain enters dry soil and green shoots rise: :Fallen leaves soften into earth beneath feeding roots·̣·a buried seed splits open and presses upward: :Roots fracture rock: :leaving fissures for rain and tender growthꭥ
ᖶA spiral winds through the shell of a sea creature: :Each fern unfurls a smaller fern beneath a green curl·̣·river eddies carry roundness without a carved rim: :Frost branches across glass in branching likenessꭥ
ᖷVine woven amidst vine: :fertile soil under canopy of tree·̣·rust remembers ancient seas·̣·flame makes lanterns of deadꭥ
ᒪCalm surface refuses every striking pulse: : no impact rises and no repeated disturbance crosses the even fieldᒷ
ᒪNo weight answers the inward presence: : scale: :hand: :and stone cannot hold what passes without material edge✪
ᖳBeneath the stars the living earth bears ocean: :mountain: :forest: :and desert in undivided breadth: :A whole horizon rises beyond each visible hill: :The sea opens into distance without surrendering a single shoreꭥ
ᖶWork stands so cleanly wrought that seam: :balance: :and strength all answer together: : no correction can find a place to enterᔑ
ᖳNothing held can be reached within the ruined enclosure: : roof is open sky: :stores lie scattered: :and shelter exists nowhere inside the broken wallsᖻ
ᘁThree cuts: :two spaces: :three cuts: :two spaces: : the same order returns across cloth: :vessel: :and wall without losing its measure𐑟

living continuance that keeps answering motion with motion♑ Two broken shield rims meet beneath a heated rivet: :Cooling metal binds both edges into one load‑bearing seam♍ Voice rides a measured pulse through shared air while returning vibration keeps the sounding whole inside its own cadence♎
ɣSpoken demand meets a barred gate: :and heavy timber holds its line: :Empty threshold admits no crossing body♏ Cloud mass crosses the ridge as loose vapor gathers into rain over the valley♐ Stone line holds one fixed boundary across the ground: :Every road meets one unyielding edge: :No crossing displaces a fixed boundary♌ Open country gives no enclosing road: :and every direction remains capable of another departure♒
ן Great stone leaves its settled bed by a handspan: :Earth buckles at its base and the dragged groove lengthens behind it♓ Gate stands open to an empty road: :Dust lies unbroken from threshold to horizon: :and the receiving space remains bare⏣
ɔCarved line lies fixed in stone: :with the old deed materially present in the cut surface⬡ Dry branch lies inside the red body of flame where heat: :ember: :and consuming brightness occupy one burning field✡ Rain gathers from the roof‑edge into a clear stream that takes every hollow and leaves the stone dark behind it☆
ד Clay: :iron: :wood: :and bone each answer pressure with weight: :resistance: :and altered shape❂ One reach ends against another reach still open: :Extent continues beyond the gathered measure without closing into a final edge❀
ף Empty armor keeps the shape of a life no metal can contain: :Oath‑words remain where breath no longer answers❇ Two tree roots cross beneath divided trunks while living fibers hold one joined pressure through the soil between them⧗ Blocked light leaves a dark likeness on the farther side: :its contour belonging to what brightness cannot cross⊛ Separate breaths fill one measured pulse: :and separate motions hold one timing: :No beat stands outside the shared cadence❄ Two currents meet head‑on in a narrow channel: :each driving against the other while the waterline holds under white turbulence❁ Shared air holds no voiced
ג Under winter frost: :living roots endure: :Summer sunlight reaches stone worn by centuries of rain·̣·spring returns to the hills without finding an empty earth: :Ancient ground bears the warmth of another dawn∮
ד Hollow stone shelters a pool of rain: :Roots sleep below the living moss·̣·a bird crosses open air above the crown of an oak: :Deep cave holds darkness within walls of earth∮
ך The mountain wears no crown but living fire beneath the stone: :Emerald light rises from forest roots: :and the river runs luminous through a chamber of unbroken rock: :Across the night sky: :the earth casts a vast green radiance∮
ם In the barren valley: :rain falls from an empty sky and the dry riverbed sings with running water: :A winter branch flowers under untouched snow∮
ד Moonlight gathers beneath the roots of ancient trees·̣·flowers unfold from unbroken stone·̣·rivers carry stars through their depths·̣·mountains breathe beneath veils of emerald fire·̣·sleeping seeds illuminate the darkness within the earth∮
ך Mountain weight rests on buried stone: :Beneath the forest: :dark soil holds a thousand roots·̣·wet clay keeps the print of a hand: :Riverbed gravel bears the moving water: :and mineral seams remain within the mountain∮
ɔ Numb flesh receives pressure: :heat: :and vibration without carrying any of them inward as felt contactՀ One tree‑trunk bears the same crown‑weight in darkness and firelight·̣· one axe‑strike leaves the same dent in the wood under either sky♐
ב From first footprint to last: :the road keeps one life moving through its allotted turns♑ A promise remains trusted while its fulfillment is still unseen·̣· confidence holds where sight has not yet arrived♄ Rope straightens as the gap widens: :and drawing lasts until the pull can go no farther♓ Horizon withdraws from every approach: :open ground widening beneath the eye until distance has room to receive another distance beyond it❀
ם Hard coat rests under soil with folded shoot and downward fibres enclosed inside♌ Hanging weight leans to either side of one cord: :and

vibration: :Still chamber gives no answering sound⬡

ך First light breaks the horizon as darkness loosens from the ridge and the eastern edge brightensר Muscle and joint hold one practiced motion in recurring form: :each return occupying the same bodily pathש Taut string vibrates beside another tuned string as shared air presses both bodies into answering motionש Interlaced knots recur at equal intervals along the border: :each turn answering the next with the same measured geometryר Lowest course of stone receives every downward load: :Walls and pillars above remain true while that course holdsע Hoard weight presses harder against the same chamber floor as greater measure occupies unchanged boundsר

ן Road and far end share one continuous bearing: :every bend belonging to the same appointed courseר Footprints run from gate to river and reappear over the same ground toward the gate: :each new impression laid beside the outward trackע Molten boundaries touch under common heat until one fused body occupies the place where separation has no remaining edgeד Blade travels the grain: :Raw timber loses its rough corners until a fitted curve seats cleanly inside the frameז Hide stretches between contrary pulls until fibers part in a jagged line and the opening races across the sheetר

ת Arch bears its own weight with every stone seated: :No unfinished gap remains inside the intended formם Gathered grain presses against a woven pouch: :Braided cord closes a loaded pouch: :Gold lies behind a cord┼bound openingו Blow and bodily recoil occupy the same instant of contact: :force and answer meeting at one struck boundaryו Food rests inside steady heat while browned surface and changed moisture occupy the same heated body▫ Torchlight ends against black depth: :and visible surface and unseen interior belong to one continuous hollow♦

ב Stylus presses wet clay: :A sharp sign remains after the point lifts away♪ One warning fills separated helmets through the same sounding air while distant bodies carry the same call at once♈

both extremes keep the same still point between them⧩

ת For one instant the gift belongs to neither hand·̣· then the receiving hand closes⏁

פ One throne of living light burns at the sacred center without division: :Every lesser flame turns toward the solitary source: :and no second crown rises beside itא Living body stands in open space: :and solid flesh occupies the emptiness⁑ Desired city hangs beyond the mist on a road that belongs to neither waking shore: :Trees along the neither┼road bend toward the unreachable light: :their path shaped by what has not yet been possessed▽ Stone rests upon solid earth: :and downward weight meets equal resistance from the ground: :and undisturbed mass holds its fixed place⚯ Flesh holds the blow and the answering motion in one place of contactש Road continues beyond the nearest ridge: :and distance extends farther than sight can followז

ך Marked stones stand beside measured lines: :and weight and count settle into one exact balance with no correction mark beside them✙ A silver mirror carries moonlit forest on its face while a hidden burning city remains whole beyond the enchanted surface⚹ Cloth lies fitted from shoulder to ankle: :and no bare interval breaks the covering laid over the bodyט Steps leave the known path and continue wherever open ground permits: :with no fixed destination closing the roaming courseק A familiar sign returns among unfamiliar marks·̣· the eye stops at once and the known form separates itself from uncertainty♆ Leaf carries hidden growth in every green surface: :and stem and light meet within the same unfolding body⧨

פ Bread: :fruit: :wine: :empty plates: :and swelling inner fire occupy one black feast┼gate⚿ Tool breaks the upper ground and opens the hidden earth beneath the surface♈ One crown of stone occupies the uppermost point: :with cloud below and every slope descending away into lower ground⚯

ב Point bites the receiving surface·̣· dark grooves follow beneath the moving hand⬡ A small stone┼crowned figure stands amid open root┼runes and luminous mechanisms of the deep earth♈

כ Root: :shoot: :and stored nourishment remain folded within one small body from which new

ɻFaint outline hangs beyond the torch's reach: :Its edges dissolve into darkness while the wall remains visible through the centerɾ
ɔEmpty hand and empty place hold the same absence: :Former possession has no answering body at either boundaryɬ Pressure leans into a fixed barrier: :with denied reach and resisting boundary occupying one contact field'
ɪInterlocked plates transfer a single blow from one edge across the entire cuirass: :each fitted piece carrying what reaches the othersɬ
ɔPressed seal remains in hardened clay with no stamp upon it: :Cut depth and contour keep the absent contact in the surfaceɬ Blade edge hangs a finger⟊width from the whetstone: :The narrow gap holds between them without contactɪ Green scale darkens under heat while the same hide remains continuous beneath the new colorʏ Hot iron lies between hammer face and anvil while heat and opposed pressure hold one shaped edge in the same working fieldᑎ Bright flame fills one sudden reach: :and hard light presses against the surrounding darkᕫ Hard wax slumps beside the flame: :sharp edges softening into a shining pool that runs along the stoneſ
ɔFrost grips exposed flesh: :and open road holds no shelter: :Breath and moving limbs keep pressure against the same coldʁ Flawless white tower catches high light as clean stone carries unbroken brilliance from base to crownꞈ Live spark rests inside dry tinder where heat and combustible fiber occupy one ignition boundaryX Flame and wood speak in hunger: :and wood holds spark within: :and ash in flame holds memoryᚹ
ɔWashed cloth lies under clear running water while loosened stain and clean fiber occupy the same rinsing fieldᕼ Beskar plate takes the hammer blow without denting: :Force returns through the haft as the surface keeps its lineɬ Hammer face bites fired clay: :and sharp shards occupy the flags around the blow: :Unbroken contour has no place across the struck centerɬ Fire has consumed the wood: :Grey powder and brittle flakes remain in the cold hearth: :lifting under the slightest breathɬ
ɁWater stands across the basin lip and the outer run: :one continuous body occupying containment and release at the same boundary⊰ Molten copper and tin enter the growth can beginɾ Force presses from behind: :driving the body along a path it would not have taken aloneꓫ One keen edge runs along the worked metal: :and whatever meets that line finds two sides where one had stoodꓪ Honey and water share one cup·̣· neither portion can be lifted apart from the mingled bodyɔ Labor ceases: :breath slows: :and the body gives itself to quietɥ
ɒWing opens from one root and widens into two edges that carry the same body outwardꓘ Iron head sits dense above the haft: :and the whole weight leans toward one blunt striking faceꞀ More weight settles onto the post: :but its line holds and the body refuses to yield farther beneath the pressureꙅ Currents cross and unsettle one another: :each new motion interrupting the last before the field can become stillᗡ
ɔPen⟊tip drags across prepared skin: :leaving dark signs wherever pressure passesſ Eyes close in one sudden beat: :body jerks as a single whole: :and breath catches sharply inside the same startled instantɥ
ɪOil enters between rough surfaces and lets one pass over another without catchingᔭ
ɻCloth darkens beneath the cast⟊off residue of the body: :and stain gathers so completely that clean fibre seems absent beneath what flesh has shedᖶ Mercury⟊bright matter dives beneath a dark alchemical surface and rises altered: :two natures still blended inside the returning bodyɔ Water and crack share one narrow passage: :and both sides of the wall meet through the same escaping stream◎ Wet sand clings grain to grain beneath water◌
ꟅSmoke climbs without settling: :each new coil higher than the lastᑭ Sacred names and carved deeds keep vanished divine voices materially present in enduring stone beneath silence♈ Living fire moves through a sealed gate before the bar lifts·̣· when the leaves open: :pulse and heat are already crossing the threshold into the waiting ground♋ A road of bare elements crosses the ground: : fire marks one reach: :stone another: :water fills the hollow: :and air carries the open way between themᗰ Carved strokes cut deep across the stone face: :and fixed marks hold one ruling measure from edge to edge♌ Red swelling claims one

same crucible until their colors disappear into one cooling metalʢ Tangled cords lie spread across the floor: :One crossing after another opens until every strand runs free from end to endↄ Clasped gauntlet closes around a sealed cylinder while an outward pull strains against the fingers: :The cylinder never leaves the grip⛤ Heavy remainder lies beneath the removed useful body: :Settled fragments keep the weight left by separation⍈ Open shackle hangs loose around an unbound limb as released motion and absent restraint occupy the same threshold꯳ↄAir thickens white across the valley: :Distant towers lose their edges and the road vanishes a few paces aheadɳ Liquid crosses a broken vessel wall while inside pressure and escaping flow meet at the same breach◎ One open palm releases a tool as the opposite palm releases grain·̣· each object crosses the same space and settles where the other had been⏀
ᒣFrozen water bears clear hardness under cold: :with rigid surface and contained water remaining one body෴ A dark outline thins against the wall: :loses its edges: :and leaves bare stone where its contour had stood⍭ Sheathed blade rests against the wall·̣· dust settles evenly along its edge and no line breaks the fine covering꯳ Flame stands nude·̣· stone holds weight·̣· water takes the hollow·̣· air carries breath·̣· bone keeps the frameₒ Upper ledge and lower ledge keep one ordered vertical relation: :Higher stone bears its place above the lower without exchangeϴ Dark soil receives root and rain: :bears stone and seed: :and stretches unbroken beneath every planted weightⵝ
ᒣPillar receives the beam’s full downward weight: :and the roof remains aloft while force closes through stone to groundʌ Sound enters open air between two boundaries and crosses the intervening body without becoming either boundary that gives the passage its extentꞪ Cloth lies broad beneath tension: :and one continuous surface reaches farther between its held edgesꞃ Broken wall leaves one standing fragment under open weather: :Surviving stone bears the same old mortar along its severed face⓿ Full moon narrows night by night until only a thin bright arc remains against the dark faceʎ
ᒣCloth turns tightly around its own length while cord cinches the gathered bundle until it

small place upon the skin: :and heat and pain gather inside that bounded patchꝯ
ᗡSame substance carries a new contour under unchanged weight: :surface and edge altered while matter remains continuous beneath the transformationᕯ Basin carries clouded water around clean skin: :and loosened grit hangs in the same shallow bodyꞰ Horn⟊note stands over the road: : arriving bodies remain beyond the gate while open distance carries the announcement farther than the procession itselfᚷ Silver emanation strikes a barred black plane and is denied passage: :light spreading outward from the refusal without crossing the closed boundary⍬
ᑫCord holds gathered reeds tight·̣· many stalks answer as one bundle beneath the bindingʢ Hammer meets stone in a single hard beat: :and the ringing follows afterꞵ
ᒣWater changes without pause: :but the river keeps going❀
ᒣFlame lives through the fuel: :heat and light continuing as the burning body is taken into the fireᖷ
ᒣSpiral recurs along shell and leaf: :each turn changing scale while the hidden relation remains intact inside the repeating order꯻ Raw matter meets the shaping hand: :Edge and surface appear where no made thing had stood⍼ One drumstroke breaks the vacant shell and sends soul⟊fire outward as moths: :sparks: :and broken sigils: :every fragment carrying the same pulse❉ One mouthful passes from mouth through throat until nothing remains held above the passageᖶ Strength meets strength in the same body of struggle: :and opposing force prevents either side from passing untouched❁
ᑫCut metal teeth enter one matching slot·̣· a small shaped piece answers the closed mouth of the lock✳ Moonrise meets the same notch in the ridge after each full roundᛉ One carved record sheds a hundred rays from the same enduring mark: :each emanation carrying the whole inscription without severing from its source⬡ Ear faces the hollow with no returning sound entering hearingᙢ Stone wall opens at one guarded mouth: :and every lawful crossing is gathered through that single controlled passage⩙ Crooked command bends every directed motion away from a sound course⩛

occupies little spaceഫ Hammer strikes the stone: :The face keeps its contour while force rebounds through the haftℤ Ground carries a trembling load beneath the stone: :and walls answer with the same fine vibrationϰ Beam keeps step in passing wind and rain: :and is held unmovedI Stone wall holds solid on every side except one framed gap where daylight and moving air pass freelyഌ
ⴱOutgoing and returning sound pressure share one chamber of air: :Wall and wave carry repeated vibration through enclosed airഌ Dark vapor coils above the fire: :carrying soot through the rafters and thinning as it risesഭ Curtain lifts though no visible body crosses the chamber: :Hanging cords bow together and loose dust travels with the same unseen currentഋ Fine earth lies loose across stone while light grains rest under the smallest moving air and still surface bears their thin covering⌔ Young horn and thickened horn belong to one living structure: :greater breadth standing in the same body without loss of its root formഖ
ⲩBreath leaves the throat in shaped vibration as pitch and articulation travel through the room as one continuous sounding lineഝ Black reach offers no answering form to sight: :and every attempted boundary disappears into the depth that remains unoccupiedഗ Reed stem rises between nearly parallel edges: :holding length with scarcely any breadthഡ
ⴱWall carries a deep span of stone between its two faces·̣· a drilled passage must cross the full mass before light reaches throughℨ Water folds against its own crossing current and no single course can command the surface: :every moving face broken by another movementᑎ Well⊹fitted hinge bears load through smooth contact while motion and low resistance occupy the same jointᑐ Pulse quickens: :breath shortens: :and muscle gathers beneath a sudden inward surge before any outward motion beginsᛯ Cold hearthstone holds smoke⊹dark grain and ash inside its cracks: :Chest and throat tighten beside the empty fire⊹ring△ Released breath breaks into bright laughter as shoulders rise and the chest opens beneath unburdened air∀
ᑕQuiet body lies under a blanket while impossible roads: :dead stars: :and living stone move across the closed field behind the eyes∇
ᑘHarvest passes: :but sealed grain waits in darkness for the season of needl Rain fills the air from cloud to ground in one vast falling body: :and earth and sky nearly disappear inside the water between themᑎ Flame is gone·̣· smoke and heat linger afterwardᩚ Fingers hold no gripping edge: :Freed thing lies outside the former grasp⅂ Firm ground receives foot in darkness and daylight with the same resistance·̣· buried stone keeps the same weight when no eye is presentⅡ Bread is abundant: :laughter moves freely: :and the heart rests satisfied enough to choose its own giving without compulsion∀
ᑕOne old mark opens a vanished place whole within the inward chamber: :and no second sign is needed to restore its shapeᒡ Weight begins to slip·̣· fingers clamp before it can fall✲ Clear salt bead gathers at the eye: :rounded against the lower lid and heavy enough to fall⊒ One path returns around all sides: :and nothing held within escapes the turning that surrounds itᓭ Separate materials have fused into one sound body: :every seam taken into the whole so completely that the joined substance bears weight as oneᓷ Edges vanish where light is absent·̣· forms remain present but cannot be distinguished within the dark fieldᕮ
ↄWide ground opens between two distant sides: :with no wall: :body: :or narrowing closing the reach between them❀
Face: :shape: :circumstance: :and bearing meet in one visible form: :and nothing of what stands outward is hidden from the eyeᔭ Stone figure stands where living flesh does not: :carved face meeting wind: :rain: :and open ground without surrendering its placeᔑ Incoming air and outgoing breath share one living passage: :and the open edge of the lips marks where the inner chamber meets the outer airᔐ
ᘐRaised seat stands above common ground·̣· carved wood remains elevated with no body resting upon itΘ Fully submerged body hangs in dark water with open air far above: :every limb committed beneath the surfaceᕵ
Stone: :flame: :and marked ground all bend along one invisible command⊹bearing under chosen inward pressure♂
ⲩTwo grains are turned: :weighed: :compared: :and at last one is set apartᕲ Arms tire beneath the

ꞵSuspended weight holds equal reach on either side of center: :with taut support carrying the same arc through the middle lineᗊ One injured limb curls against the body: :and another uninjured limb takes the same guarding shape across the space between themᗅ
ↄBare skin meets rough bark: :ridges pressing into the fingertips as vibration travels through the contact into boneᗅ
ɲShelter presses inward against the body it encloses: :Harm occupies the very boundary meant to hold safetyᛉ Deep water holds unseen distance beneath a visible surface while sounding line enters the same depth without exhausting itᛉ Separate tones hold one interval: :and shared air carries their pressure without a beating clash between them✢ Sheathed blade holds force without release: :and closed mouth keeps sound behind the lips: :Drawn hand remains inside an unspent strike✣
ꞁPupil opens wide against an unexpected form while breath and muscle hold one arrested posture at the point where familiar measure fails⌶ Open palm closes on empty air: :The hollow vessel beside it contains neither grain: :rain: :dust: :nor even a trace on its floor⁞⁞ Counting stones leave the board one by one: :After the last stone is removed: :the marked square lies bare✳ A tight cloud of dust breaks apart in the wind as grains separate across the open field until wide gaps lie between every cluster⊰ Cliff edge and unseen depth share one vertical boundary: :with darkness occupying the reach below visible measure⊯
ꟻStone leaves the ledge with no support beneath it: :The gap above grows while the ground closes rapidly below⊐ Arrow and angled shield meet at one contact plane while redirected force occupies the same impact boundary⌖
ꞁGloved hand reaches toward the highest rung beyond its fingertips: :Weight presses upward though the gap remains⌯ New tissue spans the seam while joined flesh holds pressure across the closed opening⌯
ꟁTaut rope straightens between anchor and loaded sled as the sled leaves a fresh groove and tension shortens the distance⌯
ɲMarked crossing holds one place inside a larger route: :The crossing keeps a complete boundary between neighboring reaches⌖⊐

burden: :lowering the carried weight to the groundₒ Deep roots hold the ground and hard grain bears the crown: :broad shade remaining joined to earth through a trunk that keeps its line under weatherI Curved fragment occupies one sector of a former vessel wall·̣· broken edges border open gaps where the continuous surface is absent⓿
ᗡPollen⟊light and leaf⟊shadow gather above tended roots into one fleshless spirit⟊form whose contour moves through the garden↗ Stone keeps its line under pressure while mist clears and every hard edge stands clean in open airꟈ
ꟻHeavy inward darkness closes every bright road beyond the present edge▽ One spoken order falls across the path: :and advancing motion halts before it⚛ A time⟊wound glows inside steady heat: :raw edges browning while future scar and present rupture occupy the same impossible flesh🝗 Cord stays taut beneath its burden: :and every fibre carries the strain without opening a weak place in the holdᚱ
ɣLocked wood refuses the first push: :Force gathers and presses againᚱ Scaled body coils around the silent hoard: :heat sleeping beneath the breath while bright metal remains untouched inside the ring of watchfulness✲
ꟁBone bears strain inside the living body: :and hard tissue keeps the body’s frame where softer flesh yields around itƵ Living breath stirs through flesh: :and warmth and motion inhabit the same breathing body❊
ꟻTwo silver currents enter one basin: :rigid edges loosening as their tones settle into a single consonant pressure through the moving waterſ Solid face keeps a narrow tunnel through its thickness: :and daylight joins one side of the material to the other⁎ Warm flesh breathes·̣· later the same form cools and answers nothingℂ Columns rise in ordered rows beneath a single roof: :leaving broad shadowed aisles inside one enclosing hall⊙
ꞁCobweb spans open space by holding one point to another with a thread light enough to disappear in airᒣ A stirring hand drives two substances through one another until the clean line between them disappears⊃ Charred wick bears a narrow brightness: :and one rooted tongue leans above the burning pointᑭ Mouthful passes the tongue and is gone into the throatᔭ

Single strip carries inner and outer travel upon one unbroken face: :one edge returning into itself without a second boundary🮥 Banked ember holds heat beneath ash while the red core remains warm without outward flame᧿ ꟇCovered ground carries weakened light beneath one shelter: :Darkened surface and bright edge meet at the same boundary🬺 ɣUnlit stone holds no reflected edge: :and open space carries no visible contour: :Surface and distance lie inside one black field🖳 Water skins over with clear ice: :exposed metal bites bare skin: :and breath whitens in the air🜶 Polished silver receives the face before it: :Light carries the same contour across the surface while the solid body remains outside the metal🬭 Descending body occupies water below the bright surface while depth and submerged motion coexist in one vertical field🯵 One long fiber runs taut from beam to beam as crossing fibers pass alternately above and below it and cloth gathers around the fixed line🬬 Knees hold beneath shaking muscle: :and forward step keeps pressure against the force that drives the body back🯭
ꟾBound cord holds two ends under shared tension while the knot occupies the joining boundary that prevents separation🯭 Open vessel receives a steady inward flow as held measure presses deeper inside the same boundary🯯
ꟇSeveral roads remain equally open around one standing point: :One bearing holds the body: :and the other directions remain unoccupied🯭 Dark veil covers gold: :and stone slab seals hollow vault: :and outer surface is unseen🭙 Bright edge crosses taut cord: :Fibers part beneath the pressure and two loose ends spring away from the severing line🬻 Two flutes sustain the same pitch: :yet one sounds bright and reedy while the other carries a dark: :rounded grainᗅ
ꞁGreen leaf turns red along its veins while stem and surface remain continuous: :The same body carries a new colorᗷ New weight rests inside the hoard boundary as gathered measure bears greater mass against the chamber floorᑐ A candle burns at the center of an empty chamber: :Every other socket around the ring is bare𐌉

ꟈKnotted cord loosens strand by strand until each line lies separate and straightᑐ Knotted cords cross at fixed intervals over open water·⁚· open water passes through every square gap in the stretched mesh🬷 Black depth opens under the surface: :Abyssal rim stands sickened and unstable while light finds no lower boundary inside the hollow🮥 Resin softens in heat and gives a visible breath to the air above it🬶 ɔWet earth yields under finger and tool·⁚· pressed hollows hold their shape in the same soft body✪ One stroke of the blade ends the fibre forever at that line🬻 One bright center occupies the upper field·⁚· straight rays extend outward through every open direction until earth: :roof: :stone: :and water close their paths🡘 Low fire survives refueling after refueling before the ash finally coolsᴢ A vast song opens past the last counted voice: :resonance continuing through unfilled reaches beyond the gathered tonesᑫ Many things stand before the hand: :and one fills the closing grasp: :and the others remain untouched🯭
ꞁAbove chamber and hill alike: :an upper layer spans from edge to edge: :whether held in timber or suspended vapor: :leaving occupied space below and farther sky beyond🬺 One bead lies alone in the counting hollow·⁚· every surrounding hollow remains empty𐌉 Trunk holds one line upward: :and a living arm leaves that line to claim another reach of skyꓬ A perfectly level fae⟊field holds hovering stones: :even rain: :green grass: :and no rise or hollow from edge to edgeϴ Taut line bears force across the interval: :Heavy body remains under steady draw while the distance between source and load stays compressed by tension🡲
ꟈBlack water continues beneath every reached measure: :the lower body hidden below the last depth that can be touched🯅 Water lifts into ridge and hollow together: :one moving crest traveling across the surfaceꓷ Crossing bodies break one gathered place into unmeasured motion❄
ꞁA star⟊forged axe repeats the same luminous cut through a black branch: :each returning stroke occupying the identical severing path🬻 Beneath the breast: :one inward chamber holds grief: :courage: :and tenderness within the same bounded interior♀

ᴛExpected flat wall opens suddenly onto a vast chasm: :Breath stops: :pupils widen: :and every prepared motion freezes at the threshold↴
ꞁSeveral tones strike together while separate voices hold one stable sounding body across the same interval↰ Taut drumskin carries one struck vibration across its surface: :Air and hide carry one pressure pulse through the sounding fieldꟾ Tone answers tone across held silence while rhythm and resonance occupy one living course of soundᗡ
ᒣTwo roads meet at one stone marker and continue beyond it in four separate directions↾ Clasp bears outward strain across joined edges: :both sides remaining held at the same loaded boundary↰
ᴨRaised spear tip fixes a bearing toward the distant gate while shaft and tip hold one straight line through the open space↰ One flame casts many rays across surrounding surfaces: :Every ray remains joined to the same luminous source: :and no brightness stands severed from the fire↰ Stone barrier is solid except for a narrow arch running completely through it: :Open ground continues from one side to the other✳ Command and refusal press against one another: :Neither line yields at the shared boundary✳ Smooth armor plate leaves the forge with a new curve while the same metal keeps its weight and its surface no longer follows the former line✳ Crowned seat holds the chamber’s highest place: :and separate ranks keep one ordered bearing beneath it⩛
ꓭLiving roots hold separate places in one tended earth: :Cultivated enclosure gathers rooted growth without erasing each living body♈ Pale radiance spills from moon⟊bright metal: :drawing sharp relief from darkness and returning a cool white gleam from every polished edge◊
ᒡOpen path carries no blocking wall: :Clear ground holds an unspent route all the way forward↾
ᴨOpen arch pierces the dividing wall: :Stone keeps separation on either side: :and continuous passage occupies the shared threshold⇞
ᗡBar lifts from the gate: :both leaves swing apart: :and uninterrupted ground runs from the road into the courtyard⩙
ꓭStraight plate bends under heat and pressure while the same metal leaves the working face at

gravel fragment keeping mountain-solid resistance in its smaller face. Wheel turns with every spoke true to the hub: :and the ordered motion holds its own rightness without needing any part to command another. A green island rises around one hollow root-channel running from sea-dark depth to inhabited ground: :and the whole living shore breathes through that single open stem.

Body lies still beneath the night: :breath deepens into its own rhythm: :and an inward country opens vivid and immense beyond waking sight.

Hanging cloth swells and grass bends·˙· dust lifts under an unseen moving force. Crescent swells to fullness: :empties into darkness: :and returns as crescent. Dark shape lies beside the body that stops the light: :faithful to every edge without carrying its substance. Mat and bench keep one small place clear in the hall: :and resting weight gathers there above the floor. Closed fingers enclose a small stone·˙· skin forms an unbroken wall around the captured weight. Hidden grain swells into stem: :flowers: :and finally bears a ripe head where only possibility stood before.

A sudden blow overturns the stacked pieces: :Ordered rows collapse into crossing: :unsettled fragments. A signal opens the grip and the held object is lowered into the marked place. Iron pin holds the turning center: :and wheel or hinge rotates around the same fixed axis. Crossed fibres fold without coming apart: :and woven surface keeps its hold under the palm. Tools are laid aside when the feast begins and taken up only after it disperses. Root grips soil beneath a wind-loaded crown while stone line holds under pressure: :Root and stone remain faithful to their bearing under force.

Unmarked road: :farther ground: :and present threshold share one open future-bearing beyond the reached stone. Between first breath and last: :waking and sleep fill the measure allotted to one life. Golden chambers open along a turning corridor of light: :Every golden chamber holds roof: :warmth: :breath: :water: :and rest. Opposing pulls take hold of the joined bodies: :Contact breaks and open space appears between them. Paint settles into cloth browned surface. Fresh green rises through the remains of the old growth.

Pulse leans hard beneath the breast toward a distant height·˙· the inward chamber keeps pressure against the space still separating it from the sought place. Pressure comes: :weather turns: :and the stone never leaves its socket.

Bent beam carries the load hour after hour without surrendering it to the ground. One hurt pulse finds an answering tightness in another breast·˙· two inward chambers carry the same ache without sharing one wound. Point bites into its chosen place under resisting pull·˙· contact does not slip: :and every outward force returns against the same fixed attachment.

Moving air circles the open field around an empty hollow: :unseen presence filling the space without giving it a solid center. Tight weave swells beneath gathered grain: :and weighted rim leaves no grain outside the rounded body. Shallow stone lies beneath divided water·˙· both banks remain apart: :and the current leaves one grounded line where passage is physically possible.

Water slips away from bronze: : Oil stays: :shining through each tilt and wipe. One sealed gate refuses the advancing force·˙· when the pressure breaks: :the gathered weight drops straight down before the barred opening'

Silver and sulfur rest together under sealed heat: :red and white remaining legible in one vessel while the alchemical body carries both origins at once.

Moving air carries scent and dust through one open field: :and both remain suspended in the same passing current.

Unmeasured cries occupy the air so densely that ordered sounding has no clear line. Dry grain rests in dark storage: :and sealed kernels hold weight and nourishment inside the same gathered mass. Empty place keeps the shape of departed warmth: :Dust settles inside the departed contour: :and absence wounds the space that remains.

Chosen token rests beside the offering·˙· palm keeps the small weight close: :and empty fingers reach toward what remains beyond grasp.

Bright metal throws fire back into the dark: :Reflected brilliance hardens the surrounding shadow while the radiant surface

Mineral block keeps one hard face beneath chisel and weight: :and dense mass holds its edge against pressure. Sudden inward surge gathers the whole body into one direction: :pulse: :breath: :and stance all committed before hesitation can divide them. Oil-soaked wick whitens nearby clay... hard edges emerge clear from surrounding dark. A sealed oath is laid beside guarded goods: :Uncertainty loosens under the binding sign.

Mouth drives inward contents outward through the open passage. Two banks keep apart: :and one moving band runs between them from high country toward low. One skin gathers the whole living body and keeps its inward life from spilling into the world. Warmth returns through the flesh: :breath deepens: :and the body rises again with strength enough to carry its own life.

Green hardness softens into sweetness... ripeness arrives within the fruit itself. Weight settles the balance: :Uneven pans reveal which side carries more. Knotted cord bites the skin... pressure has nowhere to flee: :and the binding remains tight. From wet ground rises a light segmented stalk: :hollow through its center from rootward stem to upper reed.

Crooked mark sits at the center of the stone: :and every measured line meets it out of true. One final word closes the luminous circle: :and every mark vanishes from the inner ground until only bare stone remains inside the completed ring. Season after season: :weather drives the same body beneath one roof while threshold and floor take the wear of return. Great stone rests wholly upon its new face: :the heavy mass swung from one bearing into another while remaining unbroken. A strange silver form stands silent inside a field of repeated likeness: :difference visible without any answering sound from the altered body. Spectral wolf-form climbs a stair of cold stars toward an unreachable moon: :desire stretching the ghost-body beyond every resting ledge.

Pierced clay encloses open air: :and the solid wall gives the empty center a touchable edge. Turning feet lay circle upon circle across the open floor: :and every crossing keeps its place inside the measure. Spoken contour fills the marked circle: : syllable and seal take the same exact shape while stationed forms lock beneath the pressure of the uttered order.

Open vessel receives a body across its rim and keeps it inside: :the inward hollow holding what the opening admits. Perfect silence fills the chamber while a low pulse tightens before any visible cause and still air sharpens around the unopened door. Shoulders remain bent beneath the millstone while the hands continue

Force breaks wood across the grain into pieces that no joined making holds together. Firm earth ends at one sharp lip: :and open depth begins immediately beyond the last step of stone. Cool darkness keeps the exact shape of what turns the light aside: :and the same dark body can become shade: :reflection: :or changing color without losing its form. Silent bell: :stone bed: :unmarked walls: :and dull inward pressure fill one sorrowing chamber. Danger closes around the vulnerable flesh: :A clear path opens back toward safety under helping hands. Water joins water without seam: :and one continuous body fills both sides of the meeting.

A stone is set upon bare ground: :breaking emptiness where weight now stands. Black arch bears burning spell-pressure in a backward-folded flame that never crosses the warded boundary' Falling grain has left the fingers and has not yet reached the bowl. Closed seal gives no answering motion while calling smoke curls against the boundary and the marked gate remains shut under the whole invocation.

White foam travels along the wave and leaves the dark water clear behind each vanishing crest. Bowed back remains beneath the raised seat from which command descends. Raw pieces occupy separate places·̣· fitted edges meet without gaps: :and the completed body holds a geometry no untouched timber possessed. Empty chamber inside the living body leans toward an absent shape: :Desiring heat gathers along the inward hollow and keeps its contour though nothing answers from beyond it.

A bar lifts: :Pressure reaches the joined leaves and the closed edges swing apart. Long feather carries blue-green eye-marks across a fan-shaped train: :and each shaft holds its place in the spread. Tablet bears the settled verdict in a full field of marks: :and every matter under judgment stands visibly accounted for upon the clay. One vessel stands alone upon the floor: :and no second body shares its bounded place. Clay bears the impressed mark: :and silent surface carries the cut without the pressing hand. Harvest passes: :but sealed grain waits in darkness for the season of need. Rain fills the air from cloud to ground in one vast falling body: :and earth and sky nearly disappear

Bare skin meets rough bark: :ridges pressing into the fingertips as vibration travels through the contact into bone.

Suspended weight holds equal reach on either side of center: :with taut support carrying the same arc through the middle line. One injured limb curls against the body: :and another uninjured limb takes the same guarding shape across the space between them.

Quiet body lies under a blanket while impossible roads: :dead stars: :and living stone move across the closed field behind the eyes.

Wall carries a deep span of stone between its two faces·⁝· a drilled passage must cross the full mass before light reaches through. Water folds against its own crossing current and no single course can command the surface: :every moving face broken by another movement. Well⟊fitted hinge bears load through smooth contact while motion and low resistance occupy the same joint. Pulse quickens: :breath shortens: :and muscle gathers beneath a sudden inward surge before any outward motion begins. Cold hearthstone holds smoke⟊dark grain and ash inside its cracks: :Chest and throat tighten beside the empty fire⟊ring. Released breath breaks into bright laughter as shoulders rise and the chest opens beneath unburdened air.

Breath leaves the throat in shaped vibration as pitch and articulation travel through the room as one continuous sounding line. Black reach offers no answering form to sight: :and every attempted boundary disappears into the depth that remains unoccupied. Reed stem rises between nearly parallel edges: :holding length with scarcely any breadth.

Outgoing and returning sound pressure share one chamber of air: :Wall and wave carry repeated vibration through enclosed air. Dark vapor coils above the fire: :carrying soot through the rafters and thinning as it rises. Curtain lifts though no visible body crosses the chamber: :Hanging cords bow together and loose dust travels with the same unseen current. Fine earth lies loose across stone while light grains rest under the smallest moving air and still surface bears their thin covering. Young horn and thickened horn belong to one living structure: :greater breadth standing in the same body without loss of its root form.
